

1st Principle of Ethical Conversation

Loop

string-loop

'round tap tap fingers,

on paper tapping,

looping action, shadowed

for ink-stain paper, on

moving on tapping on.

Lamp oil

head bath,

watershed of

African potency.

Stop-moving,

shutup, on

paper with

no shadows

without ink on

tapping on

looping isn't

moving.

"someone

hit that deer,

it got scared—

no thought of

moonlight-uh";

Wallace Stevens

told me that I think.

School of

red hot hatred-fish,

they want to

learn "symbolic logic".

That deer was

hit by a car (Hc(d), true).

"Oh God

is it dead?"

without moving

nor tapping

on looping on

looping on.
