There is a shame culture
I'd like to see or try my hand
at masturbation. Who'll
grab at whatever skin I
feel grabbed; I must take
time to remember that
it burns. I am mangled
in photographs and
the 2nd second of
reflection (except in
cool water). Im-
-mediately posteriori,
fist fight – for 100 years.
- Can you say it
Plainly? - If I could
meet the culprit?
- You're blushing.
