

vaping for jesus

every morning I look forward to the buck break

I am not yet awake but I'm A nerd IM a GEEK 😊

and I am the whore of babylon and “Where is my Sour Mango Pineapple?”  
Take me 2 the moon

I don't fw Vape flav0r or paypal cash-back, and i don't like going through my transaction history and I never want to taste sour straws or earn points

then my lungs fail and I bite my blanket so I don't wheeze and moan and wake up my roommate who still tosses anyways, and joe I just wanna be free, and joe I love you

and joe, tell me I'm wrong and Zootopia never lied. Tell me I'm wrong, tell me you're right.

and in my head i buck break and I play whack-a-mole with deadline and ex girlfriends and god am I a good person? and do people love me? am I moving at the right pace?

and sometimes there is a soundtrack I have heard Mrs. Robinson, I have heard Doses and Mimosas, I have heard Reborn by Kanye West I hear these songs and wonder if the angel in Shenzhen needs a penpal, and we all just want penpals of course—

of course

my vision is no longer doubled so I must want to breathe slower and I am the master of my body and I can influence my outcomes

it sounds insane but I love this ritual, I am not a masochist. I love waking up and feeling dreamworld merge with dormworld chocolate vanilla in one soft serve cone so that i feel defibrillators deep in my lungs like deep anal gangbang creampie cumshot big ass

I like waking up like this

and usually i just go back to bed after and wake

up at 8:30 or 9:15
